

SCHOOL REPORT CARD 2017

Aluna / Student

Talita

Talita did fine in her first year in middle school, where she had more subjects to study. She grew a lot and turned into a young teenager. Her father is back home and has work as a moto taxi driver. The mother works in a health post. They try to resume a normal family life.

Talita is a positive girl and has a lot of friends in school. She participates well and always has something to contribute to the conversations..

In February she will start in the 7th year of primary education.

Thank you Marlies for supporting this lovely girl.

Aluna/ Student

Suellen

Suellen successfully completed the secondary education and the scholarship program herewith is coming to an end. Suellen plans to do the ENEM exam to be able to enter a public university. She became a beautiful and happy young woman and she is incredibly grateful for the opportunities given to her.

Thank you so much Marlies for your support to Suellen all those years. Another child who will find her way and who for sure will have a brighter future than her parents were ever able to have.
