Critical thinking	8.0	10.0	9.0	8.5	8.9

Mateus completed the school year 2022 with excellent grades. He has no learning problems whatsoever. As the family lives a bit further away and his grandmother no longer comes to the project, it became complicated for Mateus to reach Projeto Uerê. Therefore the parents decided that Mateus shall complete his school education in a school closer to his home. He will do fine as he is a great student. Therefore the scholarship ends in December 2022. Thank you very much for giving your support to this wonderful boy.
