Music	6.0	10.0	10.0	9.8	9.00					

Talita successfully completed her 8th year of school education and in 2020 she will start her final year of primary education. Her family structure was very fragile in the past years and Talita went through various ups and downs. But she stayed focused and managed all the hardships in her young life. She is a great girl and the teachers like her active participation in the class rooms. She always has something to contribute and she deserves to be in the scholarship program. Thank you Marlies for supporting this nice girl.
