Suellen had some problems with biology and chemistry but otherwise she did very well. She passed to the 2nd year of secondary education. Suellen became more mature this year and she is focussed on school. She can also be very funny and she is liked by her classmates. Thank you very very much Marlies for your great support to Suellen.

Little Talita did very well and passed to the 5th year of primary education. In the meantime the parents are separated. Whereas Talita's brother spends time with his father, Talita stays with the mother. She is a cute girl, always sparkling and very clever. Dear Marlies, thank you so much for supporting Talita.
